PROVEN PERFORMANCE

Our e24H930 variety, part of Benson Hill's eMerge legacy portfolio, has consistently proven its value with over three successful commercial seasons in the field and stands out as one of our top-performing soybeans. This proven success is the foundation for the next generation of Benson Hill varieties, ensuring a seamless transition to even greater advancements in soy quality traits.

For detailed historical field data, please reach out to your Benson Hill field sales representative.

† Protein and oil values are reported on a dry weight basis (DWB). Environmental conditions may cause protein and oil composition to fluctuate. ‡ AR = Average Resistance MR = Moderately Resistant* R = Resistant | 1-5 rating with 1 being Excellent

Many of Benson Hill Seeds' agricultural products are protected under the patent and Plant Breeders Rights laws of many countries, including without limitation the United States. In accordance with 35 U.S.C. § 287(a) and 7 U.S.C. § 2567, please see www.bensonhill.com/intellectualproperty regarding various patent and Plant Breeders Rights associated with seed varieties of Benson Hill Seeds.
